STATEMENT FROM OUR FOUNDER

As we reflect on the events of 2023, we are filled with gratitude for the unwavering support of our community, partners, and donors. This year has been a testament to our resilience, dedication, and strength that propels Wellspring Health Access forward in our mission to provide accessible reproductive healthcare while advocating for reproductive rights.

We successfully rebuilt our clinic through the collective efforts of our dedicated team, tireless volunteers, and the generous contributions of individuals like you. The new facility, which opened in April 2023, stands as a symbol of our commitment to providing quality reproductive healthcare services to those in need.

In 2023, we continued our legal challenges, keeping abortion legal in Wyoming, became the only abortion care provider in Wyoming, and expanded our services to include telemedicine.

At Wellspring Health Access, we believe that access to quality healthcare is a fundamental human right. We are on a mission to ensure that everyone, regardless of their background or financial status, can enjoy the benefits of good health and well-being.

Thank you for standing with us in this pivotal moment. Together, we can make a lasting impact on the lives of countless individuals and create a more just and equitable society.
